

**BOARD OF FINANCE
REGULAR MEETING MINUTES
November 27, 2023**

I. CALL TO ORDER

The hybrid meeting was opened at 7:00 p.m. in person and by GoTo Meeting by Cathy Salchert, Chair, present: Margaret Bratton, Charles Harvell, Brian Loveless, Houston Putnam Lowry, Micah Rousey and Cathy Salchert. A quorum was present.

II. MINUTES OF PRECEDING MEETINGS:

October 23, 2023, Meeting –

On a motion made by Houston Putnam Lowry seconded by Margaret Bratton it was voted:

RESOLVED: That the Board of Finance approves the minutes of the October 23, 2023, meeting as drafted.

Bratton, Harvell, Loveless, Lowry, Rousey and Salchert voted in favor.
Motion carried 6-0-0.

III. COMMUNICATION FROM THE AUDIENCE:

James Fitzgerald, 25 Kenington Rd. Avon spoke:

Mr. Fitzgerald thanked the current and new board members for their time spent volunteering on the Board of Finance and he appreciates them taking time away from their families. He had a few points that he wanted to touch on, as he was asked by the association and board of Buckingham, which represents over 100 people and 55 homes, to attend the meeting and report back to them.

- Referencing the Public Hearing: he was frustrated the Board of Education Superintendent stood up and said she initially came with a 7% increase to the budget and there was no reaction from the Board of Finance or anyone else in the room. Even though the proposed Board of Education budget increase was less than that, felt it was too high.
- Referencing Supplemental Appropriations: Wants to see Town Meetings to accept supplemental appropriations and when accepting grant funding; he does realize there is a threshold in the amount that would require a meeting.
- Referencing the Town Meeting: it is frustrating to hear at the Town meeting where the taxpayers are there to use the information presented to them to make an informed decision on the budget, and they are told that tomorrow there may be some funds that will lower the mill rate increase. He feels the Board of Finance should be saying no, especially going into the next budget year and that a 0% increase is going to be warranted, particularly given the increases in property values from the reevaluation process.
- Referencing the budget process as a whole: He felt the 9% minimum vote requirement in

the town charter (which provides a budget is deemed approve if less than 9% of the registered voters vote) should be repealed because it is undemocratic. Buckingham (being a planned common interest community) does not get all of the services the rest of the community receives even though they are paying for them. He feels their taxes should be lower.

IV. COMMUNICATION FROM MEMBERS:

Cathy Salchert congratulated Brian Loveless and Micah Rousey for their election to the Board of Finance and Margaret Bratton for her election to the Town Council. She also reminded the Board members to complete their cyber security training.

Cathy Salchert also referenced that on the Assessor's webpage under reevaluation where you can find a link to see the values, how to appeal your value as well as a statement explaining not to multiply your new assessment by the current mill rate as the new mill rate will be set in May 2024.

V. TOWN MANAGERS REPORT/MISC.

A. Monthly Financial Report Summary

Details of the Monthly Financial Report Summary were included in the packet report dated for the period ended 10/31/23. Tom DiStasio discussed the report.

Notable items were:

- The property tax collections have been strong and stable, in December and January the collections will begin for the second half of property taxes and supplemental motor vehicle taxes.
- The revenues for licenses, fees and permits are trending lower than last year, but in last years budget process we did increase the budgets for these revenue categories so that helps explain the decrease.
- Charges for services remain the lowest percentage of the budget through October, this pertains primarily to the fact that the revenues in this category are primarily special education tuition revenues which are collected later in the year.
- The question was asked at the last meeting about the expense ratio for the state's short-term investments fund and based on the annual report that was filed by the office of the state treasurer for fiscal year 2022, the expenditure ratio for that fund fell between one and four basis points for that fiscal year.
- Expenditures are trending very closely with budgeted expenditures and have been pretty consistent on a monthly and yearly basis.

VI. OLD BUSINESS

21/22-21 American Rescue Plan Act.

Town Council Updates as of November 3, 2023: www.avonct.gov/arpa

There was no discussion on the topic.

This agenda item was not acted upon and will be on the January 2024 meeting agenda.

VII. NEW BUSINESS

23/24-08 Review and Discussion: FY 24/25 Budget

Brandon Robertson explained we are early in the budget process, the final capital presentation will be presented to the Town Council at their next meeting, and a link can be sent to the Board of Finance members to see the presentations. Brandon Robertson stated a link to the presentations will also be put on the town website.

23/24-09 Review, Discussion & Approval: FY 22/23 Year End Transactions

Cathy Salchert opened the discussion stating the surpluses we experienced this fiscal year and the prior fiscal year seem to be larger than average. There was a spirited discussion about whether or not to assign funds now (when some people felt there was less public input) or if funds should be earmarked for use as part of the traditional budgeting process for next year.

The Board of Finance members held a discussion on the Final Fiscal Year Transactions FY 2022/2023 (attached at the end of the minutes).

RESOLVED: A motion made by Michah Rousey seconded by Houston Putnam Lowry, to approve the final fiscal year transactions FY 2022/2023 as specified in tab D.

A motion to amend the motion was made by Charles Harvell, seconded by Brian Loveless, to remove sections number five, six and seven of the memo dated October 24, 2023 in Tab D.

Michah Rousey and Houston Putnam Lowry did not accept this as a friendly amendment.

Bratton, Harvell, Loveless, and Salchert voted in favor of the amendment. Lowry, Rousey were opposed. The amendment carried 4-2-0.

On a motion to table the primary motion as amended made by Cathy Salchert, seconded by Houston Putnam Lowry it was voted:

RESOLVED: The discussion to be tabled until the December Board of Finance meeting.

Bratton, Loveless, Lowry, Rousey and Salchert voted in favor. Harvell was opposed.

In these accounts, the individual functions may exceed, while the category in total does not exceed, 100% expended. The funds established for Medical Claims, Pension Trust, OPEB Trust, and Prior Year Encumbrances are not budgeted funds and are not part of the budget approval process but are used as an internal monitoring and reporting tool for financial activity.

Transfers and Encumbrances (Tab A)

Transfers were posted within the Capital Projects Fund (Fund #02), Capital & Non-Recurring Expenditures Fund (Fund #03), Sewer Fund (Fund #05), Police Special Services Fund (Fund #07), Recreation Activities Fund (Fund #09), and Local Capital Improvement Program Fund (Fund #11) for standard budgetary compliance.

Available Town General Fund appropriations were swept to accommodate the combination of the required transfers in. The largest components of the receiving transfers in the General Fund comprised of:

- Police Protection (38%), which received transfers to cover costs associated with patrol overtime costs that were necessary as a result of staff vacancies and training.
- Building & Grounds (19%), which received transfers to cover costs associated with the following projects: Pine Grove School House renovations, Building 2 Renovations, softball fence repairs, Avon Police Department repairs and maintenance, bike trail improvements, and West Avon Road sidewalks.
- Information Technology (13%), which received transfers to cover the cost to add an Information Technology Specialist position. Funds were available for transfer as a result of savings related to staffing changes made in the Revenue Collection Office, Town Clerk’s Office, and Police Department.
- Engineering (8%), which received transfers to cover the cost of adding a full time Administrative Coordinator position to the Engineering Department. This position had previously been a part-time position.
- Employee Benefit Funding (6%), which received transfers to cover administrative and consulting fees incurred as a result of services provided by the Town’s actuaries and investment advisors in support of the administration of the Town’s Pension and OPEB plans.
- Additional small transfers to various divisions and departments ranged from 0.006% to 2.332%.

The largest source of transfers out within the General Fund came from balances in various departments, largely due to open positions and/or less than anticipated overtime costs. The largest components of transfers out within the General Fund comprised of:

- Roadways (35%), as a result of lower than anticipated overtime costs associated with weather related events.
- Central Communications (15%), due to savings resulting from a staff vacancy taking place during the year, as well as lower than anticipated equipment maintenance costs.
- Sanitation (11%), due to lower than anticipated costs for disposal of refuse, annual brush grinding, motor fuels, and parts and repairs.
- Town Clerk’s Office (9%), due to savings resulting from staff turnover and staffing changes. These savings were used to partially offset the cost to add an Information Technology Specialist position to the IT Department.
- Other Protection (8%), due to lower than anticipated electric costs for street lighting.
- Public Works Administration (6%), due to savings associated with a staff vacancy taking place during the year.
- Protective Inspection (6%), due to savings associated with a staff vacancy taking place during the year.
