

## SITE WALK APPLICATION CHECKLIST

### APPENDIX C – ADDENDUM

At the request of the Inland Wetlands Commission, please provide the following information in order to facilitate a site walk of the property:

Eleven copies of the proposed site development on an 11” by 17” drawing (s), as necessary to include:

- Please avoid the use of type print smaller than 10/13.
- Show the delineation of wetlands/watercourses in color blue.
- Show areas of construction and/or disturbance in color pink/red.
- Show distance from wetlands/watercourses to the areas of regulated activities with color green.
- At the site, place blue flags at closest edge of wetlands/watercourses and provide clearly marked stake-out for primary regulated activities being requested on the plan(s).
- At the site, mark the recommended entrance point (from a public street) with brightly colored flagging.
- At the site, mark any “dangerous spots” with brightly colored flagging.
- Provide the location of these markings on the drawing.
