giving back

energy assistance

In the Community
Speakers Bureau
In the Environment

We strive to provide you with reliable and essential energy delivery. Our work doesn't stop there—we also have many services designed to meet the variety of needs you or your family members may have.

Matching Payment Plan
For families that qualify, CNG will match every dollar paid by you or on your behalf (up to a zero balance) if you successfully complete the plan. So, you pay a portion, energy assistance pays a portion and we pay a portion. Bottom line: you may have to pay for only about one-third of your gas heating expense if you qualify. Eligibility is based on income and assets. Call us at (860) 727-3034 or call InfoLine at 2-1-1 to learn more.

Energy Assistance
The Connecticut Energy Assistance Program (CEAP) will help pay winter heating bills for low income qualified households. Applications are taken at your local Community Action Agency. Call InfoLine at 2-1-1 to find your local application site.

Operation Fuel
Operation Fuel provides assistance for families who earn a little more than the energy assistance Guidelines allow. Call InfoLine at 2-1-1 for information about this program.

Payment Arrangements
Special payment arrangements can be set up for you through our customer information department. Call us at (860) 727-3034 to discuss your needs confidentially.
