

The Town of Avon is excited to assist the U.S. Census Bureau by supporting the 2020 Census and helping to ensure that Avon is accurately represented in the upcoming count.

The purpose of the decennial Census is to count every person living in the United States *“once, only once, and in the right place.”* The Census is mandated by the U.S. Constitution and the results are used to reapportion the House of Representatives, determining how many seats each state gets. Census data is also used to distribute more than \$675 billion in federal funds annually to states and communities across the country. These funds are used for schools, hospitals, roads, infrastructure and other important programs. Beginning in mid-March, you will receive a letter via U.S. Mail inviting your household to respond to the 2020 Census. Remember, while completing the Census is mandatory, it’s also an easy way to participate in our democracy and to say “I COUNT!” Please be sure to visit www.2020census.gov anytime to get more information.

If you would like a quiet, private, dedicated space to complete your census online, you may use a computer in the library's computer lab during the following times:
