

## REVENUES

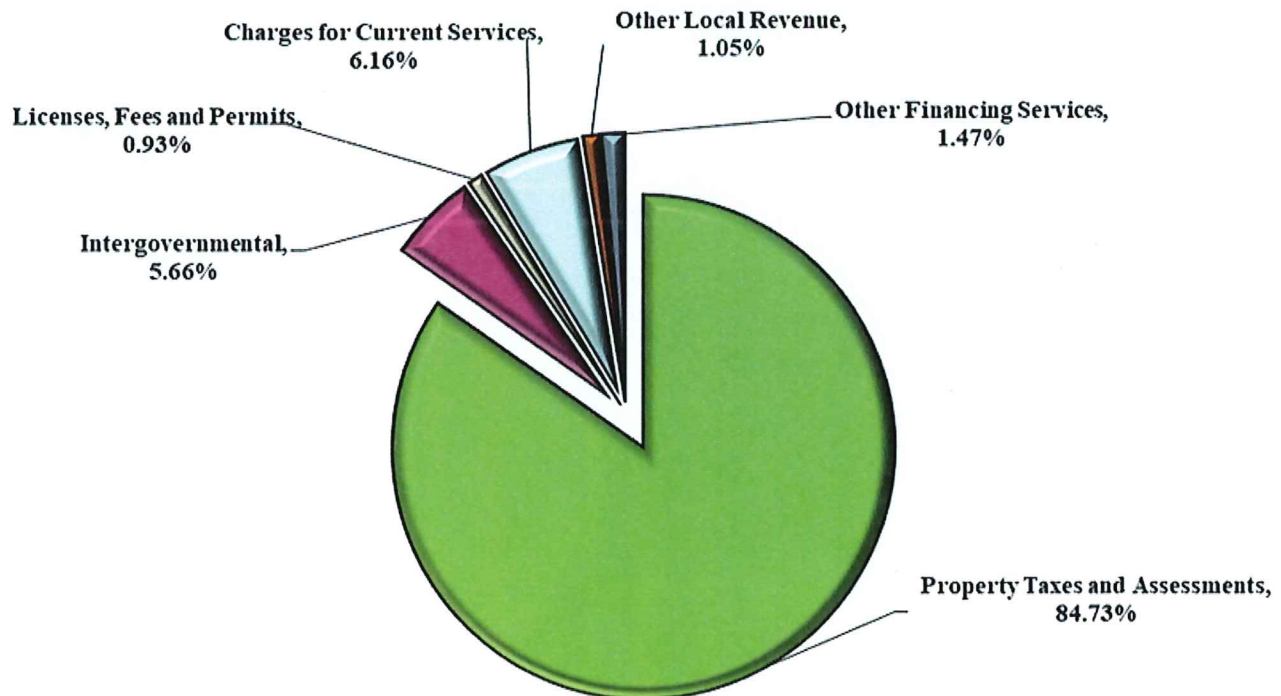

### OVERVIEW

A Comparative Summary of fiscal year 2022/2023 revenues on a GAAP basis, fiscal year 2023/2024 budgeted revenues, and fiscal year 2024/2025 requested revenues by classification (source) are provided below. The major sources of revenues are property taxes, building structures and equipment permits, sewer charges, investment interest, and municipal state aid. On the following pages, a short narrative for each revenue classification has been included, as well as the detail, and a discussion of revenue trends and assumptions of the current and projected revenue estimates.

## PROPERTY TAXES AND ASSESSMENTS

### TAXES

Ad valorem (based on value) taxes are a mainstay of financing for local governments. Ad valorem taxes may be levied against real property, personal property and motor vehicles. Other kinds of taxes are interest and penalties on delinquent taxes.

The Property Tax is the largest and most vital component of Town revenue sources. All revenues that cannot be generated from state aid, licenses, fees, etc., must be derived from the property tax levy.

The percentage of total tax collections compared to the Tax levy at fiscal year-end (June 30<sup>th</sup>) is an informative measure of the Town's ability to collect taxes due. Avon has maintained a high tax collection rate, often over 99% in prior years, and achieving 99.32% in 2023, as evidenced by the five-year Property Tax Levies and Collections Schedule presented on B.3.

The valuation of each parcel of taxable real property, as well as taxable personal and motor vehicle property owned by each taxpayer, is assigned by a process known as property assessment. The total of all taxable property minus exemptions is commonly known as the "net grand list." When the net grand list is known, the tax rate or "mill rate" may be computed based on the assessed valuation of total taxable property lying within the taxing jurisdiction of the Town of Avon.

The tax rate is expressed in terms of "mills," with one mill equal to one dollar of tax for every one thousand dollars of assessed value. The Tax Levy is a computation of the total amount of budgeted tax revenue necessary to be raised from property taxes considering allowances for estimated uncollectible taxes. Presented below is the Town Assessor's estimate of grand list growth by value classification as compared to actual prior year's history.

#### GRAND LIST INCREASES AND TAX IMPACT

The estimated 2023 Net Grand List is \$3,211,000,000. This represents an increase of \$522,515,694 or 19.44%, from last year's Net Grand List of \$2,688,484,306. Town property may be viewed at <http://www.avonct.gov> and the Assessor's website, <http://www.avonassessor.com>. As part of the budget process an interactive "Tax Calculator" form is available on the Town's web site where it continues to be used and updated every fiscal year throughout the budget process.

### Estimated Uncollectible Taxes

Governments are not always able to collect all the money that is due to them. Each year, a percentage of property owners are unable to pay property taxes.

A determination is made on historical data and economic forecasts, as to the amount of the net tax levy expected to be uncollectible. Therefore, the levy must be adjusted to allow for Estimated Uncollectible Taxes. In consideration of trend information and current economic data, Estimated Uncollectible Taxes are budgeted at \$900,000. The table below provides a five-year prior history of Estimated Uncollectible Taxes including the Town's Elderly and Veterans Tax Relief Programs which are designed to provide additional tax relief for qualifying homeowners.

### Estimated Uncollectible Taxes

\* Estimated Certificates of Correction are based on historic reductions to taxes receivable and include the effects of Tax Relief Programs.

### ASSESSMENTS

Sewer Assessments are collected from properties benefiting from Town sewer improvements. Residential zoned properties are assessed at unit rates based on the existing zone designation of the assessed lot frontage. Non-residential properties are assessed based upon lot frontage plus a charge per square foot of building area.

### REVENUE CLASSIFICATION: INTERGOVERNMENTAL

Local governments depend on state and federal aid to supplement their property tax and other revenue sources. To estimate grant allocations, the Town refers to the State of Connecticut Office of Policy and Management's Estimates of State Formula Aid to Municipalities, which is typically published in the fall and updated the following spring. The budgeted grant amounts for fiscal year 2024/2025 reflect estimates provided by the State and the Board of Education.

**REVENUE CLASSIFICATION: INTERGOVERNMENTAL, continued**

The estimated grant amounts for fiscal year 2024/2025 are based on current grant program appropriations, current information on file, and information received from other boards and agencies. Listed below are the State of Connecticut statutory formula grants and other grant programs estimated to be paid to Avon based on current information and the most recent estimates from the State and other agencies. Refer to B.20 for a State Grant Payment Schedule.

REVENUE CLASSIFICATION: INTERGOVERNMENTAL, continued

Underlying Assumptions

Avon’s reliance on state aid is minimal. As presented, the Intergovernmental Grant Revenue category reflects a net increase of \$1,737,969, or 35.87%, as compared to the fiscal year 2023/2024 budget. Most of this difference is due to the budgeted use of \$906,000 received through the American Rescue Plan Act (ARPA) Grant Fund (Fund #50). Also contributing to this increase are budget increases pertaining to the several education grants. The Town has increased the budget for Education Cost Sharing (ECS) grant funding by \$272,929, or 49.30%, based on increases in the phase-in schedule for ECS funding in fiscal year 2024/2025. Additionally, Avon Public Schools has recommended budget increases to Special Education Excess Cost grant funding, Open Choice Program grant funding, and Individuals with Disabilities Act (IDEA) Section 611 Part B grant funding (accounted for in Fund #13). These requested increases are in the amounts of \$75,000, \$415,000, and \$47,064, respectively. All other Town and Board of Education intergovernmental grants are estimated based on information made available through the State of Connecticut Office of Policy and Management (OPM) as well as prior year actuals. In previous years the Town has received grants that have not been budgeted. Some of these grants have not been included in the fiscal year 2024/2025 budget at this time as they have a history of being awarded inconsistently and have been susceptible to discretionary cuts made by the State in the past. The practice of conservatively budgeting intergovernmental grant revenue is designed to insulate the Town’s property tax levy from inconsistencies in federal and state funding over the course of multiple years.

Significant Trends

Some issues that the most recent State budget has addressed that directly affect municipalities are: continuing the phase-in of the updated formula used to calculate municipal Education Cost Sharing (ECS) funding, increasing the total amount of the Excess Cost grant and revising reimbursement percentages based on tiers determined by each Town’s adjusted equalized net grand list per capita, and shifting funding for certain municipal aid grants from the State General Fund to the Municipal Revenue Sharing Fund.

Per the State Office of Fiscal Analysis (OFA), the State’s General Fund is anticipated to end fiscal year 2023/2024 with a surplus of \$138.7 million, which represents less than 1% of appropriations. The State’s adopted budget for fiscal year 2023/2024 anticipated a surplus of \$399.7 million, however the OFA has reduced this projected surplus by \$285.4 million as a result of revised expenditure projections. The budgetary deficiencies resulting in the OFA’s reduction of the projected surplus pertain to costs associated with Medicaid, adjudicated claims, and caseload pressures across multiple agencies. Governor Lamont will propose adjustments to the fiscal year 2024/2025 budget in February 2024. The governor’s proposed adjustments are not anticipated to signal any significant cuts to the Town’s state grant funding.

## REVENUE CLASSIFICATION: LICENSES, FEES, AND PERMITS

Local indicators, such as new construction, are a key factor that relates directly to the budgeted estimated revenues for building permits fees and recording and conveyance fees (primarily property transfer documents).

### Underlying Assumptions

As Avon continues to physically mature, and growth continues to slow, the emphasis that had been placed on accommodating growth through the expansion of Town and School facilities will continue to shift to the maintenance and upkeep of the high quality educational, recreational, and cultural facilities in place while maintaining comparatively low tax rates. The Town will seek to accommodate the needs of families with children, who seek access to Avon's educational system; as well as active adults, who seek amenities that suit their lifestyle. Building permits issued in fiscal year 2022/2023 indicate a total value of \$51,393,842.

### Significant Trends

Licenses, Fees, and Permits revenue for most of the Town funds are level funded. Building, Structure & Equipment fees, which are based on prior and current activity, and estimates from the Building Department, will be level funded at \$475,000 with no change from fiscal year 2023/2024. Actual permit revenue activity exceeded budgeted projections in 2022/2023 by approximately 76.15%. A total of 10 new, single-family homes were permitted. Residential and commercial permits continue to remain steady with the number of plan reviews and inspections required remaining very high. This past year several large commercial projects were in various stages of construction. The Village Center Project continues to progress, and this past year saw multiple tenant fit outs in the Village Center. A new HomeGoods at 315 West Main Street and a three-year dormitory renovation project at Avon Old Farms School have also required extensive plan reviews and numerous inspections by the Building Department staff.

Additional drivers for the high amount of permit revenues were permits issued for several projects including: re-roofing, generators, pools, window replacement, siding, home renovations, electrical service changes, decks, finished basements, and mechanical equipment replacements (furnaces, water heaters, etc.). Actual revenues also exceeded budgeted projections in the following prior years: 2018/2019 by 32%, 2019/2020 by 54%, 2020/2021 by 47%, and 2021/2022 by 67%. Recording and Conveyance revenue for fiscal year 2024/2025 is budgeted at \$550,000, the same level as the fiscal year 2023/2024 budget.

Actual, budgeted, and current estimated information for all estimated licenses, fees, and permits revenue sources can be located on B.13.

REVENUE CLASSIFICATION: CHARGES FOR CURRENT SERVICES

This revenue source represents Charges for Current Services of Town and Board of Education sponsored programs such as those provided by the Recreation and Parks Department, the Public Works Landfill, Sewers, Police Services (Private Duty), School Cafeteria Sales, Athletic Participation, and Tuition. This category currently reflects a decrease of \$224,916, or -3.04%. The primary differences identified in this revenue category are decreases in: Board of Education Special Education Tuition revenue in the amount of \$366,142, or -16.10%; and Cafeteria Sales in the amount of \$67,088, or -9.06%. These decreases are partially offset by projected increases in: Sewer Use charges in the amount of \$62,427, or 2.08%; Sewer Connection charges in the amount of \$55,000, or 137.50%, Board of Education Pre-K Program Tuition revenues of \$30,000, or 20.69%, Board of Education Sports Participation Fee revenues in the amount of \$22,000, or 11.46%; and Landfill Permit fee revenues of \$22,000, or 17.19%. Sewer use charges are determined based on the needs of the Sewer Fund. As such, they are not calculated until after the budgeted expenditures of the Sewer Fund are determined, along with the other Sewer Fund revenues (assessments, connection charges, interest and liens, permit and inspection fees, and use of fund balance). Once expenditures are budgeted and are offset by other budgeted revenues, a sewer use revenue amount is projected to develop a balanced budget for the Sewer Fund.

Underlying Assumptions

Each year, individual components of this revenue source are examined by the respective departments to ensure that the user fees cover the cost of services, where appropriate. Sewer Use charges, Sewer Connection charges, Landfill Permit fees, and Recreation fees are reviewed and adjusted, when necessary, based on analysis that supports the Town’s commitment to set fees at the level to supplement the costs of providing the service. The Board of Education provides all estimates for education related charges for services.

Significant Trends

Significant changes in the use of services, fee increases, or one-time revenues can significantly alter trend information. A perfect example is in Board of Education Special Education Tuition charges. A decrease in Board of Education Special Education Tuition revenues is recommended for 2024/2025 in the amount of \$336,142, bringing the total estimated amount to \$1,908,019. The actual revenues for each of the following prior years were: \$2,119,599 in 2022/2023, \$1,616,805 in 2021/2022, \$1,423,828 in 2020/2021, \$1,617,404 in 2019/2020, and \$607,287 in 2018/2019. This data indicates that this revenue source has increased significantly over the last five fiscal years prior to its anticipated decrease in the current fiscal year. This is the result of significant fee increases for special education services over the course of this period as well as year-to-year changes in the number of students requiring special education services being served by Avon Public Schools through the State’s Open Choice program. This combination of inconsistent use of services and increased fees have resulted in some sizable Board of Education Special Education Tuition revenue fluctuations during this time.

## **REVENUE CLASSIFICATION: CHARGES FOR CURRENT SERVICES, continued**

Residential sewer-based revenues are billed in two installments (April and October) for each residential unit on a calendar year basis. The April bill for 2023 has been set at a flat rate of \$265.23 for each residential unit. For single family residences connected to the public water utility, the October bill is based on the water consumption over the two lowest-use quarters of the previous calendar year with data provided by the Connecticut Water Company. It is done this way to account for non-sewer-related water consumption such as irrigation and swimming pool uses. The bill for October is determined by applying a rate value per 1,000/gallons of effluent which was set at \$4.67 in calendar year 2023. Residential units that get their water from a well or that are an apartment or condominium were charged a flat rate of \$265.23 for their October installment. Incorporating a usage-based component to the sewer-use billing process provides a mechanism that reduces costs for low-volume users and fairly shifts cost to the high-volume users.

A complete listing of all Charges for Services revenue estimates may be found on page B.14 and commentary on individual Special Revenue Funds begins on page B.9.

## **REVENUE CLASSIFICATION: OTHER LOCAL REVENUES**

A large component of this revenue class is Interest Income, which is a Town revenue source associated with the investment of temporarily idle cash in highly liquid investment vehicles that are permitted by the Town's Investment Policy. This revenue source is influenced by the volatility of prevailing market rates and the availability of cash for short-term investment.

### **Underlying Assumptions**

The Federal Open Market Committee (FOMC), a component of the Federal Reserve, is responsible for establishing a fed-funds range, which acts as a target for the federal funds rate, the rate that banks and other depository institutions charge to lend to other depository institutions to maintain required reserve balances. The interest rates applied to the Town's short-term investments are directly influenced by the established fed-funds range. The FOMC aggressively increased the fed-funds range from 0.00% - 0.25% in March 2022 to 5.25% - 5.50% in July 2023. The range had previously been at 0.00% - 0.25% since it was lowered in March 2020 to support the recovery of the U.S. economy and financial markets during the Covid-19 pandemic. As recovery from the pandemic progressed throughout calendar years 2021 and 2022, inflation substantially increased, which prompted the FOMC to increase the range 11 times throughout calendar years 2022 and 2023.

There is an expectation that the FOMC will begin cutting rates in calendar year 2024 as inflation levels come down to the Federal Reserve's long term target of 2%, however there is some uncertainty around when these rate cuts will begin and how frequently they will occur. The Federal Reserve's goal will be to bring inflation down to this target while avoiding an economic recession.

As stated, the following interrelated factors drive the main source of revenue:

- current interest rates and expected future interest rates
- local, regional, and national current economy and future anticipated economy
- cash inventory (result of cash inflows from bonds issued in connection with a capital project and cash out flows for the related capital project disbursements)

Interest income levels are based on expected trend information. Comparative totals for interest income are located on page B.14.

## **REVENUE CLASSIFICATION: OTHER LOCAL REVENUES, continued**

### **Significant Trends**

For fiscal year 2024/2025, the Town is budgeting \$1,219,573 in total Other Local Revenues, which reflects an increase of \$687,781, or 129.33%, from fiscal year 2023/2024. A main source of revenue in this category is interest income, which is budgeted at \$1,000,000, reflecting an increase of \$638,000, or 176.24%, from fiscal year 2023/2024. This budget category also reflects an increase in Sewer Use Interest & Liens (\$43,750) and Board of Education Technology Protection Plan charges (\$6,270).

## **REVENUE CLASSIFICATION: OTHER FINANCING SOURCES**

It is the Town's practice to place General Fund Balance Assignments on a portion of the increases made to General Fund Balance at the end of each fiscal year if favorable operating results are recognized. This is done as part of the Town's standard year-end closing process. Oftentimes these General Fund Balance Assignments are then budgeted for use in a subsequent fiscal year. The requested fiscal year 2024/2025 budget includes the use of the following General Fund Balance Assignments: \$1,400,000 for road improvement projects, \$200,000 to offset the Town's contribution to the Pension Trust Fund, \$150,000 to offset the Town's contribution to the Other Post-Employment Benefits (OPEB) Trust Fund, and \$100,588 to offset the Board of Education budget. There is no use of Unassigned General Fund Balance included in the requested 2024/2025 budget.

Capital projects budgeted through the use of Sewer Fund Balance amount to \$205,000. There were capital projects budgeted through the Sewer Fund in the amount of \$505,000 in fiscal year 2023/2024.

## **ADDITIONAL REVENUE INFORMATION: SPECIAL REVENUE FUNDS**

### **SEWER REVENUES**

The Town of Avon does not operate or maintain a sewage treatment plant; all sewage flows to the Towns of Simsbury, Farmington, or Canton sewage treatment plants. The Town of Avon contracts this service with each town. Avon does, however, maintain the collection system and necessary pumping stations. Revenues and expenditures for these services are budgeted in a Special Revenue Fund type and can be found on pages N. 5 – N. 7.

#### **Sewer Fund** (Fund 05, page N. 5 – N. 7)

The Sewer Fund is used to account for all sewer related revenues and expenditures. Revenues are produced by sewer-use fees, connection charges, sewer permits, benefit assessments, and inspection fees. In any given year, if the revenues are earned by the Sewer Fund exceed the expenditures incurred during the year, the resulting surplus is recorded to the fund's committed fund balance, which may be drawn upon to fund future deficits or capital improvement projects related to the Town's sewer infrastructure. Sewer Fund operating revenues are estimated to be \$3,305,144, which represents an increase of \$106,177, or 3.32%, from the previous budget. Additionally, a major component of the Sewer Fund's budgeted revenues for fiscal year 2024/2025 is for funding sewer projects in the Capital Improvement Program. Funding in the amount of \$205,000 is requested through the Use of Fund Balance Committed for Public Works Sewers. For fiscal year 2023/2024, funding in the amount of \$505,000 was requested to fund capital projects budgeted through the Sewer Fund.

Connection and assessment revenue estimates are based on payments for either previously defined connections and assessments, and/or connections and assessments expected to take place after June 30, 2024. Municipal sewage treatment costs are paid for with the sewer-use revenues that are collected. These revenues are collected from all residential and commercial users.

## **MISCELLANEOUS SPECIAL REVENUES**

### **Forest, Park, & Open Space Management Fund** (Fund 04, page N. 4)

To provide a dedicated source of revenue from, and improvements and maintenance to, Town-owned or own-managed forests, parks, and open space areas. There are no revenues budgeted in this fund for fiscal year 2024/2025 as a timber sale is not planned.

### **Police Special Services Fund** (Fund 07, page N. 8)

The purpose of this fund is to provide police services on a reimbursement basis. This fund is budgeted at \$40,986, which is an increase of \$984, or 2.46%, from the 2023/2024 budget.

### **Town Aid Road Fund** (Fund 08, page N. 9)

This is a fund used to account for improvements to Town roads as funded through the State. The total proposed funding amount of \$316,468 is made up of State grant funding for fiscal year 2024/2025, which represents level funding with respect to the most up to date budgeted amount from OPM (for fiscal year 2023/2024). This represents a \$3,601, or 1.15%, increase from the amount budgeted in fiscal year 2023/2024.

### **Recreation Activities, Facility Maintenance Fund, & Senior Citizen Recreation Fund** (Fund 09, page N.10, N.11, & N.12)

There are three self-funding, user fee based programs within this fund: Recreational Activities, Facility Maintenance, and Senior Citizen Recreation. Based on past financial reporting, and estimates provided by the Recreation Director, the reimbursable fee portion of this fund is funded at \$439,306 for fiscal year 2024/2025, which is an increase of \$20,503, or 4.90%, from fiscal year 2023/2024. Senior Recreation Activities is budgeted at \$10,900, which is a decrease of \$800, or -6.84%, from fiscal year 2023/2024; and the Facility Maintenance program is budgeted at \$55,170, which represents level funding from the fiscal year 2023/2024 budget. This budget includes charges for use of the Senior Center/Community Room, supervisory fees, and registrant fees for sport organizations. The total budgeted amount is \$505,376, an increase of \$19,703, or 4.06%.

### **Local Capital Improvement Program Fund** (Fund 11, page N.13)

This is a state provided revenue source to account for funding pursuant to Public Act 87-584 to reimburse municipalities for funds spent on infrastructure projects. For 2024/2025, this fund's estimated budget will be \$113,343, which represents level funding with respect to the most up to date budgeted amount from OPM (for fiscal year 2023/2024), an increase of \$3,013, or 2.73%, from the fiscal year 2023/2024 budget.

### **State and Federal Education Grants** (Fund 13, page N.16)

This fund's purpose is to account for State and Federal education grants. The Board of Education fiscal year 2024/2025 budget for this fund was approved on January 16, 2024 in the amount of \$1,012,257, an increase of \$53,645, or 5.60%, from fiscal year 2024/2025. Although precise funding levels are unknown until after the budget process is completed, the Board of Education has provided projected grant revenue amounts, shown on page N.17.

### **Cafeteria Fund** (Fund 14, page N.18)

This fund is set up to account for the operations of school cafeterias. The Town's participation in the state-administered, federal grant supported, Child Nutrition Program is reported in this fund. The Board of Education fiscal year 2024/2025 budget for this fund was approved on January 16, 2024 in the amount of \$1,074,200, a decrease of \$65,210, or -5.72%, from fiscal year 2023/2024.

### **Use of School Facilities Fund** (Fund 15, page N.19)

This fund is used to offset expenditures incurred for maintenance, personnel, and utilities when school facilities are open for use by outside organizations. The Board of Education fiscal year 2024/2025 budget for this fund was approved on January 16, 2024 in the amount of \$40,000, which represents an increase of \$2,000, or 5.26%, from fiscal year 2023/2024.

## MISCELLANEOUS SPECIAL REVENUES, continued

### Technology Protection Plan Fund (Fund 40, page N.21)

This fund was established for the purpose of repairing and/or replacing devices loaned to students of the Avon Public Schools. The Board of Education fiscal year 2024/2025 budget for this fund was approved on January 17, 2024 in the amount of \$31,520, which represents an increase of \$6,270, or 24.83%, from fiscal year 2024/2025.

### American Rescue Plan Act (ARPA) Fund (Fund 50, page N.22)

This fund was established to track the receipt, appropriation, obligation, and disbursement of the Town of Avon's ARPA grant entitlement. For fiscal year 2024/2025, the requested budget for this fund is \$906,000 to fund capital improvement projects. There were no revenues budgeted in this fund for fiscal year 2023/2024.

## USE OF FUND BALANCE: General Fund

### Unassigned Fund Balance

\*The General Fund expenditures and revenues reflected in the table above do not include the recognition of "on-behalf" contributions made by the State to the State teachers' retirement program (\$10,149,497) and the teachers' OPEB benefit (\$143,554). The percentage of Unassigned Fund Balance to General Fund expenditures and revenues with the State on-behalf payments included would be 13.21% and 12.92%, respectively.

The Unassigned Fund Balance of the General Fund represents net liquid assets available for appropriation. In laymen's terms, Unassigned Fund Balance represents available surplus cash (see Glossary Page 8 for more information on the Town of Avon's Fund Balance Policies). Under GASB Statement No. 54, a hierarchy of fund balance classifications was established based primarily on the extent to which governments were bound by constraints placed on resources. For the General Fund, amounts not classified as nonspendable, restricted, committed, or assigned are classified as unassigned. The General Fund is the only fund that would report a positive amount in unassigned fund balance. In addition to General Fund Unassigned Fund Balance, sufficient reserves remain within the Capital Project Funds and Special Revenue Funds for emergency purposes.

For fiscal year 2019/2020 (revaluation year), no use of fund balance was budgeted. Use of Unassigned General Fund Balance was included in both the fiscal year 2020/2021 and fiscal year 2021/2022 budgets in the amounts of \$1.8 million and \$206,000, respectively, which was driven by the effects of the Covid-19 pandemic. For fiscal years 2022/2023 and 2023/2024, no use of fund balance was budgeted.

As discussed in Other Financing Sources on page B.9, no use of Unassigned General Fund Balance is included in the requested budget for fiscal year 2024/2025. Rating agencies look favorably municipal debt issuers that establish a formal policy on the level of unrestricted fund balance (a combination of assigned and unassigned fund balance) in their General Fund, as a positive indicator of the Town's ability to respond to unforeseen emergencies.

## **USE OF FUND BALANCE: General Fund, continued**

On December 6, 2001, the Town Council adopted the following policy: “That the Town of Avon establishes, as a goal, a 10% unreserved undesignated general fund balance.” The adoption of this policy serves to highlight the Town’s commitment to maintain an Unassigned General Fund Balance that is in line with best practices that factor into the opinions of rating agencies. It is recommended that the level of Unassigned General Fund Balance established by this policy be viewed as a minimum by the Town in establishing future budgets.

## **DEBT SERVICE FUND**

Total Debt Service for fiscal year 2024/2025 is \$2,890,950. Debt Service is budgeted in, and paid from, the General Fund. The financial data and narrative pertaining to debt service can be found starting on page M.1.

## **REVENUE DETAIL: ALL FUNDS AND SOURCES**

The revenue assumptions underlying the amount estimated in the budget for fiscal year 2024/2025 are based on prior years' actual data, current observed and actual data, local regional economic statistical data, and financial trend information. A comparative detailed listing of all Town revenue sources by fund type and revenue classification (source) can be found on the following pages (B.13-B.19).
