

REVENUES

OVERVIEW

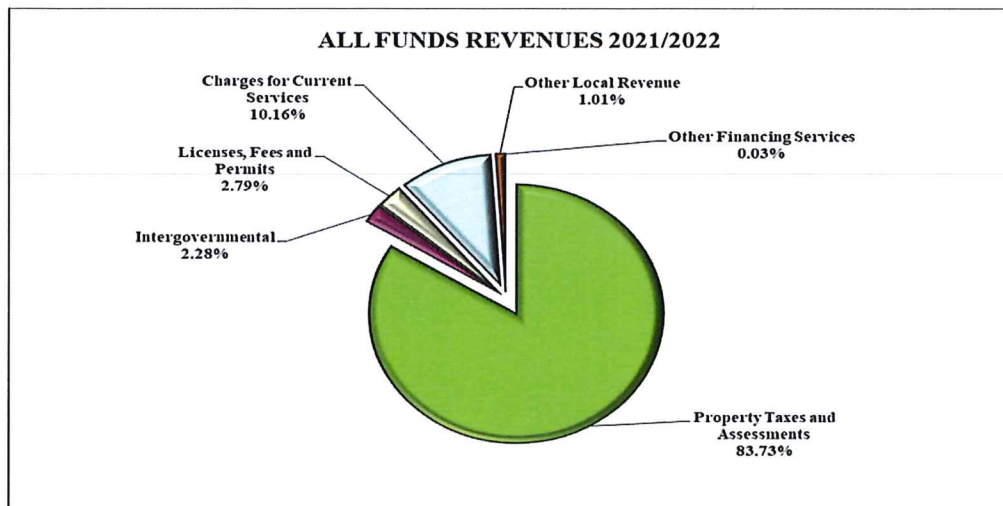

A Comparative Summary of fiscal year 2019/2020 revenues on a GAAP basis, fiscal year 2020/2021 budgeted revenues, and fiscal year 2021/2022 recommended revenues by classification (source) are provided below. The major sources of revenues are property taxes, building structures and equipment permits, sewer charges, investment interest, and municipal state aid. On the following pages, a short narrative for each revenue classification has been included, as well as the detail, and a discussion of revenue trends and assumptions of the current and projected revenue estimates.

It is noted that the data presented in this document does not include estimates associated with the Board of Education. Per the Town Charter, the Board of Education is required to file their budget with the Town Manager, on or before February 15th. As of the date of production for this budget document, the Board of Education had not yet filed a budget for fiscal year 2021/2022. This being the case, estimated amounts for which input from the Board of Education is necessary have been identified with an entry of "FEB 15" throughout this document.

PROPERTY TAXES AND ASSESSMENTS

TAXES

Ad valorem (based on value) taxes are a mainstay of financing for local governments. Ad valorem taxes may be levied against real property, personal property and motor vehicles. Other kinds of taxes are interest and penalties on delinquent taxes.

The Property Tax is the largest and most important component of Town revenue sources. All revenues that cannot be generated from state aid, licenses, fees, etc., must be derived from the property tax levy.

The percentage of total tax collections compared to the Tax levy at fiscal year-end (June 30th) is an informative measure of the Town's ability to collect taxes due. Avon has maintained a high tax collection rate, often over 99% in prior years, and achieving 99.48% in 2020, as evidenced by the five-year Property Tax Levies and Collections Schedule presented on B. 3.

The valuation of each parcel of taxable real property, as well as taxable personal and motor vehicle property owned by each taxpayer, is assigned by a process known as property assessment. The total of all taxable property minus exemptions is commonly known as the "net grand list." When the net grand list is known, the tax rate or "mill rate" may be computed on the basis of the assessed valuation of total taxable property lying within the taxing jurisdiction of the Town of Avon.

The tax rate is expressed in terms of "mills," with one mill equal to one dollar of tax for every one thousand dollars of assessed value. The Tax Levy is a computation of the total amount of budgeted tax revenue necessary to be raised from property taxes taking into account allowances for estimated uncollectible taxes. Presented below is the Town Assessor's estimate of grand list growth by value classification as compared to actual prior year's history.

As part of the budget process, a "Tax Calculator" interactive form is available on the Town's web site where it continues to be used and updated every fiscal year throughout the budget process.

Estimated Uncollectible Taxes

Governments are not always able to collect all of the money that is due them. Each year, a percentage of property owners are unable to pay property taxes.

A determination is made on historical data and economic forecasts, as to the amount of the net tax levy expected to be uncollectible. Therefore, the levy must be adjusted to allow for Estimated Uncollectible Taxes. In consideration of trend information and current economic data, Estimated Uncollectible Taxes are budgeted at \$600,000. The table below provides a five-year prior history of Estimated Uncollectible Taxes including the Town's Elderly Tax Relief Program which is designed to provide additional tax relief for homeowners that qualify for the State program.

Estimated Uncollectible Taxes

CLASSIFICATION	2017/2018	2018/2019	2019/2020	2020/2021	2021/2022

ASSESSMENTS

Sewer Assessments are collected from properties benefiting from Town sewer improvements. Residential zoned properties are assessed at unit rates based on the existing zone designation of the assessed lot frontage. Non-residential properties are assessed based upon lot frontage plus a charge per square foot of building area. Revenue from this source is also used to pay a portion of sewer related debt service. Due to the retirement of sewer related debt, no revenue is budgeted in fiscal year 2021/2022 for this purpose.

REVENUE CLASSIFICATION: INTERGOVERNMENTAL

Local governments depend on state and federal aid to supplement their property tax and other revenue sources. To estimate grant allocations, the Town refers to the State of Connecticut Office of Policy and Management's Estimates of State Formula Aid to Municipalities, which is typically published in the fall and updated the following spring. The budgeted grant amounts for fiscal year 2021/2022 reflects estimates provided by the State and the Board of Education.

REVENUE CLASSIFICATION: INTERGOVERNMENTAL, continued

The estimated grant amounts for fiscal year 2021/2022 are based on current grant program appropriations, current information on file and information received from other boards and agencies. Listed below are the State of Connecticut statutory formula grants and other grant programs estimated to be paid to Avon based on current information and the most recent estimates from the State and other agencies. Refer to B.21 for a State Grant Payment Schedule.

Total Intergovernmental:			\$4,325,001	\$3,495,991	\$844,772

Underlying Assumptions

Avon's reliance on state aid is minimal, although in the past, the Town had been receiving a moderate amount of state school construction aid. State reimbursements for bonded school building construction projects approved prior to July 1, 1996 are received in installments over the life of the outstanding school bonds and have decreased as prior debt issuances are paid off. The final payment under this program occurred in fiscal year 2012/2013. For school building construction projects approved after July 1, 1996, the State reimburses the Town for eligible costs on a percentage and progress payment basis as construction proceeds. As presented, the Intergovernmental Grant Revenue category reflects a net decrease of \$2,651,219 or -75.84%, as compared to the fiscal year 2020/2021 budget. Most of this difference (\$2,627,614, or 75.16%) is due to the fact that the Intergovernmental Revenue projections of the Board of Education are not included in the estimates shown above. All Town intergovernmental grants are estimated based on the most up to date information available. These estimates are based on information made available through the State of Connecticut Office of Policy and Management (OPM) as well as prior year actuals. In previous years the Town has received some grants that have never been budgeted. These grants have not been included in the fiscal year 2021/2022 budget at this time. It is recommended to budget conservatively for Intergovernmental Grant Revenue moving forward.

Significant Trends

Prior to the Covid-19 pandemic, some issues that the State was focused on within their budget that directly affect municipalities were: continuing the phase-in of increases to municipal Education Cost Sharing funding, sustaining non-education aid at prior year levels, and continuing to propose shifting some of the normal cost of teacher pensions onto towns and cities. Due to the Covid-19 pandemic, however, the State's focus has shifted more towards the establishment of the Connecticut Municipal Coronavirus Relief Fund Program, which put a process in place for municipalities to receive reimbursements from the State using the federally supported Coronavirus Relief Fund to offset their expenses related to Covid-19.

It has been reported by the State Comptroller's Office that the State's General Fund is anticipated to end fiscal year 2020/2021 with a deficit of \$615.2 million amid the Covid-19 crisis. In discussing efforts to mitigate this deficit, Governor Lamont has referenced the State of Connecticut's Budget Reserve Fund, which is reported to have a balance of about \$3 billion. Governor Lamont has indicated that use of the Budget Reserve Fund would allow the State to close the projected deficit. The most recently projected deficit represents an improvement from previous estimates and indicates that the State's economic recovery has made some modest progress. The primary drivers for this progress can be attributed to a thriving housing market, lower-than-expected spending, and improving revenues. In preparation for submitting a proposed State budget for fiscal years 2021/2022 and 2022/2023, Governor Lamont indicated that he would not propose cuts to municipal aid. The Governor's budget proposal is expected in February 2021.

REVENUE CLASSIFICATION: LICENSES, FEES AND PERMITS

Local indicators, such as new construction, are an important factor that relates directly to the budgeted estimated revenues for building permits fees and recording and conveyance fees (primarily property transfer documents).

Underlying Assumptions

As Avon physically matures, and growth begins to slow, the emphasis will change from accommodating growth through the expansion of Town and School facilities, to maintenance and upkeep of the high quality educational, recreational, and cultural facilities, to accommodate both families with children who seek access to Avon's educational system and to provide amenities to older active adults while maintaining comparatively low tax rates. Building permits issued in fiscal year 2019/2020 indicate a total value in the amount of \$41,578,462.

Significant Trends

Licenses, Fees and Permits revenue for most of the Town funds are level funded to the current level. Building, Structure & Equipment fees, which are based on prior and current activity, and estimates from the Building Department, will be level funded at \$425,000 with no change from fiscal year 2020/2021. Commercial permits with the number of plan reviews and inspections required remain high. This year, several larger projects are in process. Examples include residential construction in current subdivisions such as: Beechwood Hollow, Stratford Crossing, and Fairway Ridge. In addition to this, tenant fit-out and fit-up permits have been issued for: Club Pilates, It's Playtime, and Athleta at 380 West Main Street; Full Circle Bakery and Hopmeadow Brewing at 205 Old Farms Road; Bob's Ski Chalet at 195 West Main Street; and Coldwell Banker at 290 West Main Street. The most notable construction in progress is that of the Avon Village Center project, which will consist of 13 buildings and 300,000+ square feet of mixed-use development space to house retail, restaurants, and residential uses. The project continues to move forward with three of the buildings nearing completion as of the printing of this document, including the anchor tenant building.

Actual permit revenue activity exceeded budgeted projections in 2019/2020 by approximately 54.08%. The primary drivers for this increase were permits issued in connection with the Avon Village Center projected mentioned above. It is noted that the revenue associated with this project, totaling to approximately \$249,062 in fiscal year 2019/2020, have been recorded to the Capital and Nonrecurring Expenditures Fund (Fund #3). Actual revenues also exceeded budgeted projections in the following prior years: 2013/2014 by 46%, 2014/2015 by 20%, and 2015/2016 by 13%. Permit revenue then fell short of projections in 2016/2017 by 20%, before exceeding projections again in both 2017/2018 and 2018/2019 by 16% and 32%, respectively. Recording and Conveyance revenue for fiscal year 2021/2022 is budgeted at \$550,000, the same level as the fiscal year 2020/2021 budget.

Compared to the fiscal year 2020/2021 budget, budgeted conservation and development fees have been reduced to \$5,800 (a 42% decrease). Revenues for the sale of maps, copies, and various license fees have been budgeted at \$22,500 for fiscal year 2021/2022. Sewer permit and inspection fee activity has been estimated by Engineering to decrease to \$1,200, based upon the sewer projects that are currently, or anticipated to be, underway. This is the sixteenth year for the LoCAP Recording fee, per State of Connecticut PA 05-228, which is budgeted in the amount of \$7,600, representing a \$1,000 increase from fiscal year 2020/2021. Actual, budgeted, and current estimated information for these estimated revenue sources can be located on B.14.

Combined Number of Building, Plumbing, Heating and Electric Permits Issued

REVENUE CLASSIFICATION: CHARGES FOR CURRENT SERVICES

This revenue source represents Charges for Current Services of Town and Board of Education sponsored programs such as those provided by the Recreation and Parks Department, the Public Works Landfill, Sewers, Police Services (Private Duty), Education - Cafeteria Sales, Pay to Participate, and Tuition. This category currently reflects a decrease of \$2,595,850 or 40.86%. Most of this difference (\$2,428,455, or 38.22%) is due to the fact that the revenue projections of the Board of Education are not included in the estimates presented. When Board of Education amounts are excluded from the Charges for Current Services revenue category, a decrease of \$167,395 or 4.27% is presented. This decrease is related to a reduction in projected Sewer use charges in the amount of \$179,906 or 5.71%. Sewer use charges are generally determined based on the needs of the Sewer Fund. As such, they are not calculated until after the budgeted expenditures of the Sewer Fund are determined, along with the other Sewer Fund revenues (assessments, connection charges, interest and liens, permit and inspection fees, and use of fund balance). Once expenditures are budgeted and are offset by other budgeted revenues, a sewer use revenue amount is projected to develop a balanced budget for the Sewer Fund.

Underlying Assumptions

Each year, individual components of this Revenue source are examined by the respective departments to ensure that the user fees cover the cost of services, where appropriate. Sewer Use, Sewer Connection charges, Landfill fees, and Recreation fees are reviewed and adjusted when necessary, based on analysis that supports the Town's commitment to set fees at the level to supplement the costs of providing the service. The Board of Education provides all estimates for education related charges for services.

Charges For Current Services

Significant Trends

Only mitigating circumstances, fee increases, or one-time revenues significantly alter trend information. A perfect example is in Sewer Connection charges. A slight increase in connection revenues is recommended for 2021/2022 in the amount of \$10,000, bringing the total estimated amount to \$40,000. The actual revenues for each of the following prior years were: \$55,055 in 2018/2019, \$80,000 in 2017/2018, 47,500 in 2016/2017, and \$67,500 for 2015/2016. Based on this data, Sewer Connection charges do not typically fluctuate significantly on a year to year basis. The Sewer Connection revenue figures for the following years, however, indicate significant deviations from the established trend: \$139,495 in 2019/2020, \$192,172 in 2014/2015, and \$240,450 in 2013/2014. These trend deviations are the result of irregular events that took place during each of these years. The large 2019/2020 revenue figure is due to connections related to the Avon Village Center project. The significant revenue increases in 2014/2015 and 2013/2014 were both the result of one-time connections of apartment buildings. An in-depth review of Sewer revenues and related expenditure appropriations can be found on page B. 10, Sewer Fund.

It is noted that Sewer Use billing for residential accounts has been transitioned from a flat fee billing taking place on an annual basis, to a combination of a flat fee and a fee that is based on water usage. Additionally, Sewer Use charges for residents are now being sent out on a semi-annual basis rather than just once per year. The first billing will take place in April when residents will be charged a flat fee of \$250 per unit. The second billing will take place in October when residential bills will be based on water usage from calendar year 2020 with a minimum charge of \$175. Commercial accounts continue to be billed for Sewer Use in July, with the basis for their bills being water usage. For July 2021, commercial accounts will be billed using a set rate of \$600 per Equivalent Business Unit (EBU) in which one EBU is equal to 76,650 gallons of water.

A complete listing of all Charges for Services revenue estimates may be found on page B.15 and commentary on individual Special Revenue Funds begins on page B.10.

REVENUE CLASSIFICATION: OTHER LOCAL REVENUES

A large component in this class is Investment Interest. Interest income on investments is a Town revenue source based on the investments of temporarily idle cash in U.S. Government obligations, overnight repurchase agreements, and a private municipal investment pool adhering to legal restrictions for the investment of municipal funds.

Underlying Assumptions

This revenue source is influenced by the volatility of prevailing market investment rates and the availability of un-invested cash. After years of historically low interest rates, in mid-December 2015, the Federal Open Market Committee (FOMC) increased the fed-funds range to from 0.00% - 0.25% percent to 0.25% - 0.50%. This was the first increase in nine years. Due to various domestic and global concerns/issues, the Federal Reserve had delayed plans for additional hikes in short-term rates during 2016. In 2017, the FOMC increased the fed-funds range and ended the year in December, by voting to leave the target range at 1.00% - 1.25%. Federal Fund Rates increased beginning January 1, 2018 to a range of 1.25% - 1.50%, then 1.50% - 1.75% in March 2018, remaining unchanged through June 2018. July through September of 2018 saw a range of 1.75% - 2.00%, and October through December of 2018 saw the range rising up to 2.00% - 2.25%. Effective January 2019, the range rose to 2.25% - 2.50%. It was then reduced in August 2019 to 2.00% - 2.25%, with a further reduction in September 2019 to 1.75% - 2.00%, and an additional reduction in October 2019 to 1.50% - 1.75%. The fed-funds range stayed at this level until March 2020, at which point the impact of the Covid-19 began to have an influence on the FOMC's decisions.

REVENUE CLASSIFICATION: OTHER LOCAL REVENUES, continued

In response to the Covid-19 pandemic, the FOMC cut the fed-funds range to 0.00% - 0.25% in March 2020 in order to lower the cost of borrowing on mortgages, auto loans, and home equity loans in an effort to support the recovery of the U.S. economy and financial markets. It is anticipated that the fed-funds range will remain at this level (effectively its floor) until the economy recovers from the turmoil caused by the ongoing public health crisis. Economists do not anticipate evidence of substantial progress in the economic recovery until late 2021 at the earliest. As such, the fed-funds target rate is expected to stay at 0.00% - 0.25% through the majority of fiscal year 2021/2022.

As stated, the following interrelated factors drive the main source of revenue:

- current interest rates and expected future interest rates
- local, regional and national current economy and future anticipated economy
- cash inventory (result of cash inflows from bonds issued in connection with a capital project and cash out flows for the related capital project disbursements)

Interest income levels are based on expected trend information. Comparative totals for interest income are located on page B.17.

Significant Trends

For fiscal year 2021/2022, the Town is budgeting \$372,900 in Total Other Local Revenues, which reflects a decrease of \$194,640, or 34.30%, from fiscal year 2020/2021. A main source of revenue in this category is investment interest, which is budgeted at \$200,000, a decrease of \$140,000 from fiscal year 2020/2021. This budget category also reflects reductions in the Refunds & Reimbursements (\$52,960) and Miscellaneous Revenues (\$6,280), which are partially offset by an increase in Sewer Use Interest & Liens (\$5,000).

This is the sixteenth year that revenue is being budgeted for Rents and Reimbursements (Sprint Tower). This account is level funded at \$60,000 based upon the current approximate amount received of \$2,407/month for rent and in anticipated revenue sharing of \$2,593/month. The Town does not expect to have a timber sale in 2021/2022, which would be budgeted in this category, but will fund the expenditure appropriations with Fund #04 Use of Fund Balance. The Interlocal Program Funding budget of \$2,400 reflects the Town of Canton's reimbursement (36%) for operational costs, services and supplies, but not including wages, of the Animal Control and Protective Program.

REVENUE CLASSIFICATION: OTHER FINANCING SOURCES

The global outbreak of Covid-19 profoundly impacted the Town's budget process for fiscal year 2020/2021 and influenced the Town's decision to achieve a tax increase of 0.00% and keep the mill rate stable. In order to accomplish this, the adopted 2020/2021 budget used \$1.8 million in Unassigned General Fund Balance. Due to favorable operations in fiscal year 2019/2020, various assignments in the General Fund were increased and budgeted. These assignments included \$1.8 million for subsequent year expenditures in order to cover the fiscal year 2020/2021 use of Unassigned General Fund Balance.

For fiscal year 2021/2022, there is no budgeted use of Unassigned General Fund Balance and there are no capital projects budgeted through the Sewer Fund. The only budgeted revenue from Other Financing Sources is \$10,000 that has been budgeted through the use of the Forest Park and Open Space Management Fund Balance in the absence of a timber sale as a revenue source.

ADDITIONAL REVENUE INFORMATION: SPECIAL REVENUE FUNDS

SEWER REVENUES

The Town of Avon does not operate or maintain a sewage treatment plant; all sewage flows to the Towns of Simsbury, Farmington or Canton sewage treatment plants. The Town of Avon contracts for this service with each town. Avon does, however, maintain the collection system and necessary pumping stations. Revenues and expenditures for these services are budgeted in a Special Revenue Fund type and can be found on pages N. 5 – N. 7.

Sewer Fund (Fund 05, page N. 5 – N. 7)

This fund accounts for the collection of all sewer use charges used to partially defray the operating expenditures related to sewer use. The fees collected to service the system have, historically, covered approximately 75%-90% of the cost. The remaining 10%-25%, has in the past, been financed by a General Fund operating transfer. Sewer Fund revenues are estimated to be \$3,099,064, which represents a decrease of \$448,858 or 12.65% from the previous budget. A major component of the budgeted revenues for fiscal year 2020/2021 was for funding sewer projects in the Capital Improvement Program. Partial funding in the amount of \$264,652 was budgeted in Use of Fund Balance Committed for Public Work Sewers. For fiscal year 2021/2022, there are no capital projects budgeted through the Sewer Fund.

Sewer Connection Charges are used to defray, in part, debt service and capital expenditures of the sewer system. Actual collections were \$139,495 for fiscal year 2019/2020, \$55,055 for fiscal year 2018/2019, \$80,000 for fiscal year 2017/2018, \$47,500 for fiscal year 2016/2017, \$67,500 for fiscal year 2015/2016, \$192,172 for fiscal year 2014/2015, \$240,450 for fiscal year 2013/2014, and \$655,699 for fiscal year 2012/2013, due primarily to the connections at Avonwood and Avon Place. Actual collections were \$83,524 for fiscal year 2011/2012, \$235,000 for fiscal year 2010/2011, and \$89,658 for fiscal year 2009/2010.

MISCELLANEOUS SPECIAL REVENUES

Forest, Park, & Open Space Management Fund (Fund 04, page N. 4)

To provide a dedicated source of revenue from, and improvements and maintenance to, Town-owned or own-managed forests, parks, and open space areas. Revenues are budgeted at \$10,000 and are anticipated to come from Use of Unassigned Fund Balance as a timber sale is not planned.

Police Special Services Fund (Fund 07, page N. 8)

This fund was created in fiscal year 2007/2008, but did not come into existence as a Special Revenue Fund until fiscal year 2009/2010. Prior to fiscal year 2009/2010, it was budgeted and reported in General Fund Public Safety. The purpose is the same, to provide police services on a reimbursement basis. This fund is budgeted at \$39,186, which represents level funding from the 2020/2021 budget.

Town Aid Road Fund (Fund 08, page N. 9)

This is a fund used to account for improvements to Town roads funded by State Grant Funds. The proposed funding amount of \$312,434 represents level funding with respect to the most up to date budgeted amount from OPM (for fiscal year 2020/2021), a decrease of \$189, or 0.06%, from the Town's fiscal year 2020/2021 budget.

Recreation Activities, Facility Maintenance Fund, & Senior Citizen Recreation Fund (Fund 09, page N.10, N.11, & N.12)

There are three programs within this fund, Recreational Activities, Facility Maintenance, and Senior Citizen Recreation Fund, and they will remain a self-funding, user fee based fund. Based on past financial reporting, and estimates provided by the Recreation Director, for fiscal year 2021/2022, the reimbursable fee

MISCELLANEOUS SPECIAL REVENUES, continued

portion of this fund is funded at \$353,863, which is an increase of \$3,461, or 0.99%, from fiscal year 2020/2021. Senior Recreation Activities is budgeted at \$17,700, level funded from fiscal year 2020/2021, and the Maintenance Fee is budgeted at \$53,660, a decrease of \$750, or 1.38%, from the fiscal year 2020/2021 budget. This budget includes charges for use of the Senior Center/Community Room, supervisory fees, and registrant fees for sport organizations. The total budgeted amount is \$425,223, an increase of \$2,711 or 0.64%.

Local Capital Improvement Program Fund (Fund 11, page N.13)

This is a state provided revenue source to account for funding pursuant to Public Act 87-584 to reimburse municipalities for funds spent on infrastructure projects. The State Office of Policy & Management froze \$65 million for construction projects in the Local Capital Improvement Program (LoCIP) for 2016/2017, but the entitlement was restored for fiscal years 2017/2018, 2018/2019 and 2019/2020. For 2020/2021, this fund's estimated budget will remain as it has for the past several fiscal years, in the amount of \$127,104.

State and Federal Education Grants (Fund 13, page N.16)*

This fund's purpose is to account for State and Federal education prepayment grants. The Board of Education fiscal year 2020/2021 budget in this fund was \$864,800, an increase of \$30,000 or 3.59% from fiscal year 2019/2020. Although precise funding levels are provided by the State and Federal government after the budget process is completed, the Board of Education will provide updates to the detailed list of projected grant revenues, shown on page N.17.

Cafeteria Fund (Fund 14, page N.18)*

This fund is set up to separately account for the operations of school cafeterias. The Town's participation in the State-administered Federal Grant supported Child Nutrition Program is reported in this fund. The Board of Education fiscal year 2020/2021 budget for this fund was approved on January 21, 2020, in the amount of \$1,011,269, a decrease of \$37,722, or -3.60%, from fiscal year 2019/2020.

Use of School Facilities Fund (Fund 15, page N.19)*

This fund is used to offset expenditures incurred for maintenance, personnel and utilities when school facilities are open for use by outside organizations. The Board of Education fiscal year 2020/2021 budget for this fund was approved on January 21, 2020, in the amount of \$50,000, an increase of \$10,000, or 25.00%, from fiscal year 2019/2020.

* State and Federal Education Grants Fund, Cafeteria Fund, and Use of School Facilities Fund (Funds 13, 14, and 15, respectively) are managed by the Board of Education. Per the Town Charter, the Board of Education is required to file their budget with the Town Manager, on or before February 15th. As of the date of production for this budget document, the Board of Education had not yet filed a budget for fiscal year 2021/2022. This being the case, the summaries for each of these funds do not reference fiscal year 2021/2022 amounts.

*The Board of Education program expenses and intergovernmental revenues decreased due to the recording of the “on-behalf” payments in the amount of \$9,052,092 made by the State, towards the teacher’s retirement (\$8,811,273), and the teacher’s OPEB benefit (\$240,819). These are excluded in our reported expenditures and revenues. Percent unassigned to expenditures and revenues, with the State on-behalf payments included, respective percentages would be 13.08% and 12.62%.

The Unassigned Balance of the General Fund represents net liquid assets available for appropriation. In laymen's terms, Unassigned Fund Balance represents available surplus cash (see Glossary Page 8 for more information on the Town of Avon’s Fund Balance Policies). Under past practice, fund balances were either classified as reserved or unreserved. Under GASB Statement No. 54, a hierarchy of fund balance classifications was established based primarily on the extent to which governments were bound by constraints placed on resources. For the General Fund, amounts not classified as nonspendable, restricted, committed or assigned are classified as unassigned. The General Fund is the only fund that would report a positive amount in unassigned fund balance.

In fiscal year 2004/2005, the Board of Finance used \$500,000 from General Fund Unassigned Fund Balance to help offset the effects of revaluation. This also occurred in fiscal year 1998/1999 and fiscal year 1999/2000, for the 1999 revaluation. No use of General Fund Unassigned Fund Balance was budgeted for fiscal year 2008/2009. For fiscal year 2009/2010, the Board of Finance made a decision to use \$148,076 from General Fund Unassigned Fund Balance to mitigate the tax impact of revaluation and for fiscal year 2010/2011, \$100,000 was budgeted to offset the tax impact partially due to the decline in non-property tax revenues. In addition to General Fund Unassigned Fund Balance, sufficient reserves remain within the Special Revenue funds for emergency purposes. For fiscal years 2013/2014, 2014/2015 (revaluation fiscal year), 2015/2016, 2016/2017, 2017/2018, 2018/2019 and 2019/2020 (revaluation fiscal year), no use of fund balance was budgeted.

As discussed in Other Financing Sources on page B.9, use of \$1.8 million of Unassigned General Fund Balance was included in the fiscal year 2020/2021 budget due to the Covid-19 pandemic, its profound impact on the economy, and the decision to keep the mill rate and tax increase level. No use of fund balance is recommended for fiscal year 2021/2022 at this time. Rating agencies look favorably upon preserving the year-end performance level close to or exceeding ten percent (10%) of the following year’s budgeted expenditures as a positive indicator of the Town’s ability to respond to unforeseen emergencies. The town has acted to establish a policy regarding Fund Balance. On December 6, 2001, the Town Council adopted the following policy: “That the Town of Avon establishes, as a goal, a 10% unreserved undesignated general fund balance.” It is also recommended to maintain this policy in future budgets.

DEBT SERVICE FUND

Total Debt Service for fiscal year 2021/2022 is \$3,111,575. Sewer Fund debt was retired in fiscal year 2012/2013; Debt Service is budgeted in, and paid from, the General Fund. The Financial data and narrative can be found starting on page M.1.

REVENUE DETAIL: ALL FUNDS AND SOURCES

The revenue assumptions underlying the amount estimated in the budget for fiscal year 2021/2022 are based on prior years' actual data, current observed and actual data, local regional economic statistical data and financial trend information. A comparative detailed listing of all Town revenue sources by fund type and revenue classification (source) can be found on the following pages (B.14-B.20).
