### PERSONAL SERVICES

The total number of *budgeted* full-time positions would increase from 106 to 109 year over year, including (1) full-year funding for an additional Police Officer, (2) the reclassification of the Assistant Building Official from part-time to full-time status, and (3) the reclassification of an Administrative Secretary in the Engineering Department from PT to FT status (55% in Fund 01, and 45% in Fund 05). Note that the reclassification of the Assistant Building Official occurred in FY20 but was unbudgeted, making the total full-time employee count for FY20 107 positions. The proposed FY 2021 budget reflects full-year funding for this reclassification. The total employee count also includes one authorized, but unfunded Police Officer.

The proposed budget also includes the reclassification of the Assistant to the Town Manager to the Assistant Town Manager; an Assessment Technician to Asst. Assessor; a PT Recycling Coordinator at the Landfill; and four additional hours/week in the Children's & Teen Room at the Avon Free Public Library.

A detailed analysis of personnel expenditures, including wages, salaries and benefits is presented on the following page. A listing of authorized full, permanent part-time, and temporary part-time positions can be found on Pages A.18, A.19 and A.20.

The increase in the Retirement Defined Benefit was based upon recommendation of the actuaries for estimated 2021 contributions implementing the new mortality table, as well as the Town reducing the expected interest assumption by .25% to a revised 6.25%.

Per the Retirement Plan for Employees of the Town of Avon Actuarial Valuation as of July 1, 2019 for Fiscal Year Ending June 30, 2021, the long-range forecast results indicate that the final payment of the Town's contributions will be ending in Fiscal Year 2028. This forecast is based on the following assumptions: that the interest rate decreased from 6.50% in 2020 to 6.25% in 2021, that the Town will pay the Actuarially Determined Contribution each year, that the assets will return the assumed interest rate on a market value basis each year, and that there are no future changes in the actuarial methods, the assumptions, or in the plan provisions.

#### # Employees on Defined Contribution and Defined Benefit Plans from FY 2016/2017 – FY 2020/2021

All current Town employees, except Police Officers and Dispatchers, contribute 15% - 20% toward their PPO healthcare coverage or 18% toward a HDHP/HSA. All new hires, except Police Officers, contribute 20% toward both health and dental care. All new Police and Dispatcher hires contribute 15% toward a HDHP/HSA, and 20% for dental. As a result of the Town's and its consultants' proactive management efforts, life insurance, long-term disability, and dental have stabilized significantly. Also, in concert with our mutual consultant, the Town continues to team with the Avon Schools administration to mitigate and monitor escalating health care costs as well as Patient Protection and Affordable Care Act impacts. The Town's OPEB Contribution will continually increase in the upcoming years per recommendations from the Town's actuary.

**Healthcare Coverage** - Effective 7/1/2011 all participating employees contribute either 15% or 20% to health insurance. Thirty-two employees currently waive medical coverage from the Town and are covered through spousal or other insurance. Reductions in the value of the waiver have been negotiated with the Bargaining Units representing the Police and Dispatchers. The first year of a phased in reduction plan was implemented for unaffiliated employees beginning in FY 19/20. Effective July 1, 2016, the Town introduced a voluntary high deductible health plan/health savings account (HSA) as an alternative option to the Town's PPO plan. Effective July 1, 2018 all Police Officers participate in a mandatory HDHP/HSA Plan. Effective July 1, 2019 all Dispatchers participate in a mandatory HDHP/HSA Plan.

Employee benefits have increased by \$615,547 or 7.01%. However, without the previously mentioned funding changes to several positions on C. 3, benefits would have increased by \$539,453 or 6.15%. The actual increase is caused by a number of factors, including increased contribution to the defined benefit plan largely due to market experience and the reduction of .25% in the interest rate assumption and increased defined contribution plan employer match.

It should be noted that the Town's overall Worker's Compensation costs remain comparatively low due to its proactive risk management administration and employee safety programs that are coordinated in conjunction with our carrier and independent consultant. This cost has increased due to the industry wide increase in risk assigned to various function performed by Town employees. There was a secondary adjustment to reflect costs more in-line with past experience.

Retiree Health (\$2,004,122) is accounted for in the following manner:

1. \$1,083,000 is the actuarially determined contribution by the General Fund and Sewer Fund to the Post-Retirement Medical Benefit Trust Fund.
2. \$921,122 is budgeted for the Town's contribution for current retiree health costs. In fiscal year 2019/2020, \$822,072 was budgeted.
