

DEBT SERVICE

PROGRAM DESCRIPTION

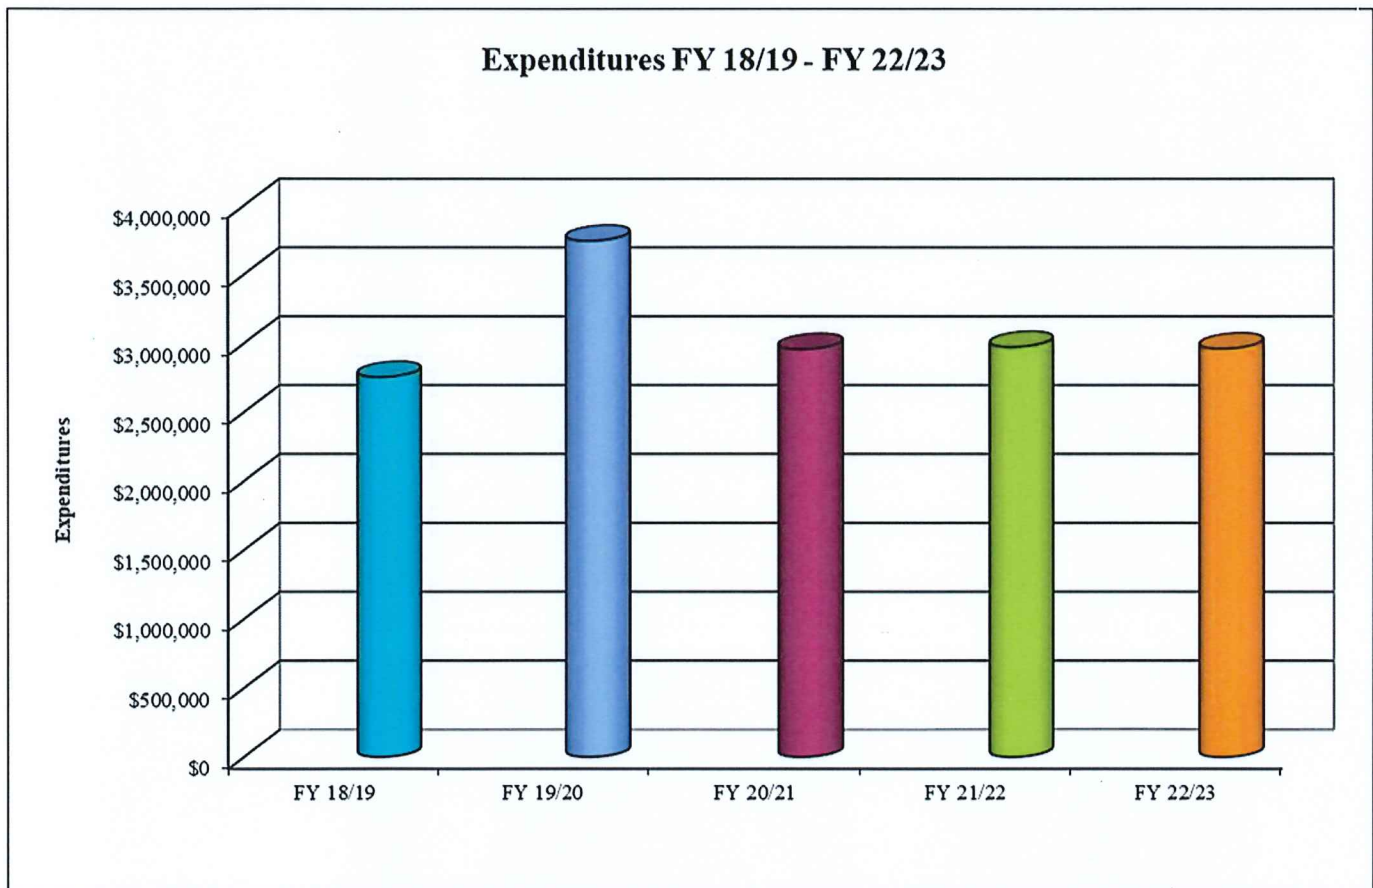

This series of accounts reflects those expenditures made by the Town for interest and principal payments for Short and Long-Term Debt.

PERSONNEL AND EXPENDITURES

The Director of Finance is responsible for monitoring the Town's Debt Service Program.

PROGRAM COMMENTARY

	2018/ 2019	2019/ 2020	2020/ 2021	2021/ 2022	2022/ 2023	\$ Inc/(Dec)	% Inc-/Dec
Expenditures	\$2,755,750	\$3,746,038	\$2,959,750	\$2,975,117	\$2,962,950	(\$12,167)	-0.41%

Debt Service reflects the pay down of existing debt from general obligation bond anticipation notes and bond issues for general purposes including previously approved projects: the Avon High School Renovation/Addition project, Town Hall Renovations, the replacement of the Avon Middle School Roof and related improvements, the Avon Free Public Library Renovations, Additions and Improvements project, the Refunding Bonds (issue of March 2016), the 2018 Land Acquisition, the Avon High School Synthetic Turf Field and Track Improvement (issue of June 2020), and the Town and Public Safety Communication System Replacement project (approved in December 2018 and partially included in the issue of June 2020). The \$2,962,950 in Debt is reflected in the General Fund appropriation.

PROGRAM COMMENTARY, continued

The primary objectives of the Debt Service Program are to:

1. Ensure long-term debt will not exceed the Town's resources for repaying the debt;
2. Finance capital projects through the issuance of bonds for a period not to exceed the expected useful life of the project;
3. Maintain the Town's Aaa/AAA credit rating.

It is the Town's intent to keep its per capita debt at a level acceptable to municipal securities rating agencies and retire its debt rapidly (total debt, as currently issued, will be paid off in 2035). This strategy has been effective since 2005; as both Moody's and Standard & Poor's have consistently rated Avon as an Aaa/AAA community. A brief, more current, timeline of these exceptional ratings: in 2012, by Moody's and Standard & Poor's when the Town issued bonds for Library Additions and Renovations Project; in 2015 by Standard & Poor's as part of their regular surveillance cycle; in 2016 by Moody's and Standard & Poor's for General Obligation Refunding Bonds; in 2018 by Moody's, as part of their regular surveillance cycle; and in May 2020, whereas both Moody's and Standard & Poor's reaffirmed Avon's AAA rating with stable outlook.

The Town presented and adopted at an October 22, 2009 referendum, an appropriation of \$9,500,000, with authorization for the issuance of up to \$8,000,000 of notes and bonds, for renovations and additions to the Avon Free Public Library. Construction commenced in the winter of 2010, with the ceremonial groundbreaking in early January 2011. The Library expansion, which was completed in April 2012 at a total cost of \$8.61 million (roughly \$900,000 under the original budget), doubled the square footage and significantly impacted building operating and staff costs. The improvements allowed the Library to expand its print and non-print collections and the programs offered to the public, which are projected to be needed for the Town's build-out population of 21,000. The Avon Free Public Library received a \$1,000,000 Connecticut State Library construction grant, with the remainder of this approximately \$9,500,000 total construction project funded by notes, bonds, fundraisers, and donations. On November 2, 2010, the Town issued Bond Anticipation Notes in the amount of \$7,000,000, due November 1, 2011, which was subsequently replaced with \$7,000,000 of Bond Anticipation Notes at a rate of 1.50% maturing October 30, 2012 for temporary financing for the expansion and renovations. On October 30, 2012, the Town issued General Obligation Bonds at a rate of 2% maturing June 15, 2028.

On March 15, 2016, the Town closed on \$11.4 million General Obligation Refunding Bonds. A refunding means that future interest payments cease and principal payments are refinanced through a bond issue at lower interest rates. In order to maintain maximum control of the process, and to realize as close to the projected savings as possible, the bonds were sold on a negotiated basis. Additionally, the retention of an independent Pricing Agent assured that the Town received the best rate available in the market on the day of pricing. The refunding will result in a total budgetary savings of \$385,413 spanning over the fiscal years of 2016 through 2027.

On July 15, 2018, Avon purchased approximately 38 acres of land in the southwestern portion of Town, leasing approximately 22 acres back to the seller. The Town issued a \$1.6 million General Obligation Bond as a bank loan/alternative financing filing, private placement, and is filing continuing disclosure submissions with the MSRB.

At a referendum held on December 12, 2018, two projects were approved: the Avon High School (AHS) Synthetic Turf Field and Track Improvement Project and the Town and Public Safety Communication System Replacement Project with authorized funding of \$2,995,000 and \$3,890,000, respectively.

Work on the AHS Synthetic Turf Field and Track Improvement Project began on April 22, 2019 and was completed in the fall of 2019 with a ribbon cutting ceremony taking place on November 7, 2019. General Obligation Bonds in the amount of \$3,275,000 were issued on June 16, 2020 to fund the \$2,995,000 cost of the AHS Synthetic Turf Field and Track Improvement Project as well as \$280,000 of the cost of the Town and Public Safety Communications System Replacement Project. A second issuance will likely be completed for the remaining appropriation of the public safety communications project, in the amount of \$3,610,000.

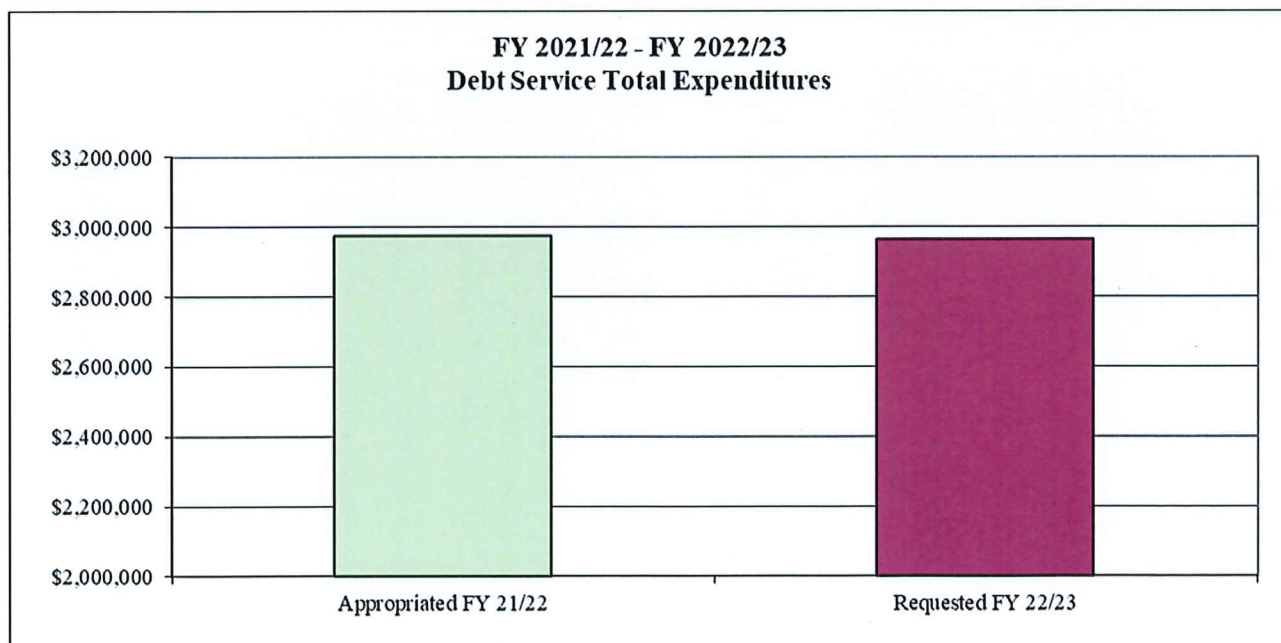

The Tables on M. 5 reflect the Legal Debt Margin Information for the last ten fiscal years, and the Ratio of Net General Bonded Debt to Assessed Value and Net General Bonded Debt Per Capita for the last ten years. The table on the following page illustrates the Schedule of Changes in Bonded Indebtedness for the year ended June 30, 2021. Page A.22 lists statewide comparative debt figures and A.23 compares Avon's debt and credit ratings to similar communities.

EFFECT OF EQUITY DEBT LEVEL ON ANNUAL AND FUTURE OPERATIONS

The Town has taken into consideration the budget impact of current and future debt levels on operations. This has been done in conjunction with the Capital Improvement Program (see R. 3 for a more detailed analysis). Capacity from the retirement of debt has been shifted to funding the Capital Projects Fund on a pay-as-you-go basis. The current and anticipated debt service program has been planned to minimize major impacts on year-to-year operations. As of the current fiscal year (not including any estimates on the remaining, unissued amount for the public safety communications project approved in December 2018), outstanding debt will be 73% retired in five years and 95% retired in ten years. This projection is based on outstanding bonds, as reported in the *Notes to the Financial Statements* of the prior fiscal year's Annual Comprehensive Financial Report. The outlook for the Town is continued maintenance of its modest debt position.

DEBT OBLIGATIONS FISCAL YEAR 2022/2023

BONDS AND BOND ANTICIPATION NOTES

PROGRAM DESCRIPTION

This account shows the expenditures of principal and interest payments on all outstanding and anticipated debt issues for Town and School purposes.

PROGRAM COMMENTARY

The total debt service budgeted for fiscal year 2022/2023 is \$2,962,950. The bond payments are budgeted in the General Fund; the Sewer Fund debt was retired in fiscal year 2012/2013. Currently there are no notes outstanding.
