SPECIAL REVENUE FUND
REVENUE AND EXPENDITURE BUDGET
FISCAL YEAR 2024/2025**

NAME OF FUND: Forest, Park, and Open Space Management Fund (04)

FUND TYPE: Special Revenue

PROGRAM DESCRIPTION

To provide a dedicated source of revenue from and for improvements and maintenance to town owned or managed forests, parks, and open space areas. In 1986, the Avon Natural Resources commission requested a review of several of Avon's Open Space properties by the Eastern Connecticut Environmental Review Team. During this same period, the Town staff began a study and review of the feasibility of managing the Town's open space to determine proper management and maintenance techniques. Both studies were positive, and a ten (10) year natural resource management plan was produced by the firm of East-West Forestry Associates (now Ferruci & Walicki). This plan was updated in 1998. The goal of the plan is to carefully manage the land for the current and future residents of Avon. To have a minimum impact on the natural character of the property while providing increased access and use through an expanded hiking and cross country ski trail system, interpretive nature trails and wildlife management demonstration areas. The Town Council approved the creation of the fund on August 4, 1988, and the Board of Finance approved it on September 14, 1988.

Expenditures shall be limited to direct or indirect improvements to and/or maintenance of town owned or managed forest, park and open space properties. The time, method, terms, and amount of any appropriation or expenditure shall be determined by the Town Council in accordance with the Town Charter and appropriate town policies.

PROGRAM COMMENTARY

A ten-year Forestry Management Plan was implemented in 2009. The most typical revenue source for this fund is revenue generated from timber sales, which take place on an irregular basis. When a timber sale is not planned, the revenue source for expenditures budgeted from this fund is typically use of Unassigned Fund Balance. There are no revenues or expenditures budgeted for fiscal year 2024/2025.

NAME OF FUND: Sewer Fund (05)

FUND TYPE: Special Revenue

PROGRAM DESCRIPTION

The Avon Water Pollution Control Authority, established pursuant to provisions of the Connecticut General Statutes, is responsible for planning and directing the installation, operation, and maintenance of the public sanitary collection system in Avon. This activity also provides for inspection of the repair or new construction of connections to the collection system.

The Town of Avon does not own its own sanitary sewer treatment plant and, accordingly, contracts for treatment with the Towns of Farmington, Simsbury, and Canton. The Town pays for treatment on the basis of volume of effluent in accordance with inter-town agreements and because of this, the Engineering Department wishes to study, and remedy, significant leaks, or illicit discharges into the collection system.

The Sewer Fund is used to account for all sewer related revenues and expenditures. Revenues are produced by sewer-use fees, connection charges, sewer permits, benefit assessments, and inspection fees.

Benefit assessments are paid (completely or in part) by property owners whose properties specifically benefit from sewer extension projects. This distinguishes them from improvements that benefit the entire sewer-user community and are paid for with the sewer fund, or possibly through issuance of general obligation bonds. Assessments are applied to both residential and non-residential properties. Residential properties are normally assessed at unit rates based on ratio of total project costs divided by total number of benefiting parcels. Assessments for non-residential properties are determined by establishing type of use and square footage of usable building area.

Property owners typically have the option of paying their benefit assessments in a lump sum or in interest-bearing annual installments over the life of the bonds or assessments at comparable rates. Interest revenue on special-assessments receivables is used to pay interest costs on special-assessment bonds or to reimburse the Sewer Fund for prior years' payments.

PROGRAM COMMENTARY

Estimated sewer use revenues for fiscal year 2024/2025 reflect an increase from the amount budgeted for current year sewer use, primarily due to increases in sewer treatment charges from Canton, Farmington, and Simsbury. Connection and assessment revenue estimates are based on payments for either previously defined connections and assessments, and/or connections and assessments expected to take place after June 30, 2024. Municipal sewage treatment costs are paid for with the sewer-use revenues that are collected. These revenues are collected from all residential and commercial users.

Residential sewer-based revenues are billed in two installments (April and October) for each residential unit on a calendar year basis. The April bill for 2024 was set at a flat rate of \$273 for each residential unit. For single family residences connected to the public water utility, the October bill is based on the water consumption over the two lowest-use quarters of the previous calendar year with data provided by the Connecticut Water Company.

It is done this way to account for non-sewer-related water consumption such as irrigation and swimming pool uses. The bill for October is determined by applying a rate value per 1,000/gallons of effluent which was set at \$4.81 in calendar year 2024. Residential units that get their water from a well or that are an apartment or condominium were charged a flat rate of \$273 for their October installment. Incorporating a usage-based component to the sewer-use billing process provides a mechanism that reduces costs for low-volume users and fairly shifts cost to the high-volume users.

Commercial accounts have been charged based on water consumption for decades because nearly all of them get their water from the public utility. In calendar year 2024, rather than billing commercial accounts in July of the year following the billing period, as has been done in previous years, the Town is going to bill them in April. This is being done to improve cash flow to the Sewer Fund as well as to accommodate the Collector of Revenue by relieving some of their July billing pressure.

All costs for treatment plant allocations are paid by sewer fees which are wholly funded by users with access to the public sewer. Avon has made numerous payments to Simsbury for the upgrade of their treatment plant and is on a monthly payment program with them, which will be completed in September of 2028. Avon's share of this upgrade is approximately 23.2% of the cost, which amounts to \$281,648 in fiscal year 2024/2025. Avon paid its first annual installment for the Farmington sewage treatment plant upgrade in November 2020. Subsequent annual payments have been, and will continue be, made starting at \$480,767 and reducing annually until 2040.

The Town completed the design and bidding phases of a significant rehabilitation of its Route 44 sanitary sewer pump station and expects construction to be completed mid-summer of 2024. The Town completed the extension of sewers on Timber Lane and prepared designs and specifications for a larger low-pressure sewer project within Stony Corners and Stony Corners Circle. Pipe-lining projects in several areas have also been completed and the second phase of the I&I study of the Farmington sewershed has begun.

POLICE SPECIAL SERVICES
SPECIAL REVENUE FUND
REVENUE AND EXPENDITURE BUDGET
FISCAL YEAR 2024/2025**

NAME OF FUND: Police Special Services (07)

FUND TYPE: Special Revenue

PROGRAM DESCRIPTION

The Police Special Services Special Revenue Fund was established in 2008 for the purpose of providing Police services on a reimbursement basis to individuals, businesses, and groups for which the Town is, in turn, compensated.

Expenditures are incurred from submission of an Avon Police Department Extra Duty Slip from the Police Department. Additions to this Fund are from a specific revenue source, Charges for Services, Police Services, which would occur as a result of Accounts Receivable billing to individuals, businesses and various groups reimbursing the Town for direct payroll cost, plus overhead, per the Town of Avon Administrative Policy #2.7. Additions to this fund can also be from transfers in. Transferred resources normally occur at the end of a fiscal year in order to bring an account, or in this case a fund, into budgetary and charter compliance.

PROGRAM COMMENTARY

The Police Special Services Special Revenue Fund was created in fiscal year 2007/2008 and approved by the Town Council in March 2008 and by the Board of Finance in April 2008. The fund became active at the beginning of fiscal year 2009/2010. A budget of \$40,986 has been recommended for fiscal year 2024/2025.

RECREATIONAL ACTIVITIES FUND
REVENUE AND EXPENDITURE BUDGET
FISCAL YEAR 2024/2025**

NAME OF FUND: Recreational Activities Fund (09)

FUND TYPE: Special Revenue

PROGRAM DESCRIPTION

This fund includes reimbursable expenses associated with activities run by the Town for all ages throughout the year. Fees are charged for all programs that cover administrative costs for a percentage of the Program Specialist, clerical assistance, and program supervision, along with covering all direct costs.

PROGRAM COMMENTARY

Fees collected in this account generally compensate for expenditures. Changes have again been made within accounts to reflect actual line item expenditures more accurately. Much of the burden of increases in the General Fund Operating Budget has been shifted to this and the Facility Maintenance account, including some payroll accounts for programs.

FACILITY MAINTENANCE SPECIAL REVENUE FUND
REVENUE AND EXPENDITURE BUDGET
FISCAL YEAR 2024/2025**

NAME OF FUND: Facility Maintenance Fund (09)

FUND TYPE: Special Revenue

PROGRAM DESCRIPTION

This fund includes reimbursable expenses associated with the maintenance, operation, and improvements to facilities. The purpose of this fund is similar to the Special Revenues – Recreation Fund in that users will assume a greater responsibility in the ongoing operation and care of the facilities, and thus reducing dependence on the General Fund budget – yet not reducing services.

PROGRAM COMMENTARY

Revenue and line item expenditure adjustments have been made based upon expenditures. The personnel costs associated with a temporary part-time facility attendant position are funded in this account along with other expenditures brought to this account from the General Fund. A \$7.00 Facility Maintenance fee is added to every Recreation Department registration, as well as to all sport leagues, and then deposited into this account along with all field and facility rental fees.

POST-RETIREMENT EMPLOYEE MEDICAL BENEFIT TRUST FUND
FISCAL YEAR 2024/2025**

NAME OF FUND: Post-Retirement Employee Medical Benefit Reserve Fund (16)

FUND TYPE: Special Revenue

PROGRAM DESCRIPTION:

This fund was originally created pursuant to the authority granted under Section 7-403a of the Connecticut General Statutes. The purpose of this special revenue fund was to provide funding for the actuarially determined share of the Town of Avon's liability for post-retirement employee medical costs and to fund all or part of such liability on an annual basis. Revenues earned from this fund have historically been used to offset annual budgetary obligations of the Town of Avon, which have been incurred in funding the employer's share of employee post-retirement medical costs. Funds have been invested in accordance with the Town's investment policy and managed by an independent investment manager selected by the Town Council.

At the Town Council meeting of June 4, 2009, approval was sought and received to set up a trust fund for other post-employment benefits which would allow the Town to invest more aggressively for this liability (see Tab P of this budget document for detail pertaining to the Other Post Employment Benefits Trust Fund, Fund #19). The pension investment advisor makes recommendations as to how the money in the trust fund is invested and builds strategic targets and allocations based upon the actuarial demographics. The Ad Hoc Pension Investment Advisory Committee reviews the recommendations before approval and implementation. The reserve fund has continued to exist with a portion of its balance being transferred to the trust fund on an annual basis to supplement the budgeted amount. As of June 30, 2023, only \$4,800 remains of the balance of this fund. It is anticipated that this balance will be transferred to the trust fund in fiscal year 2023/2024, at which point the entire balance of the Post-Retirement Employee Medical Benefit Reserve Fund will be exhausted.
