

Act Now to Help Protect What Matters Most

The life you're building for yourself and your family is precious. Every financial decision, every first step, every milestone — these are the things that matter. Think of insurance as a financial safety net that can help protect you when life doesn't go as planned. Enrolling in coverage now is a small thing you can do to help make sure you and your loved ones keep moving forward.

In this guide, you'll find details about your group insurance options from Standard Insurance Company (The Standard) and the forms you need to start the application process.

Protection for Your Loved Ones

Life insurance helps provide support and stability to your family if something were to happen to you. It can help your family financially through a difficult time and provide support into the future.

Accidental Death and Dismemberment (AD&D) insurance helps protect against a sudden financial loss brought on by an accidental death. It can also help pay for the high cost of living associated with surviving an accident that results in a severe physical loss.

Protection for Your Paycheck

Your most valuable asset is your ability to earn an income. Disability insurance provides partial income replacement if you can't work because of a qualifying disability caused by an illness, injury or pregnancy. The benefit payments can help with bills that continue even when you can't work, like your mortgage or rent — expenses medical insurance won't cover.

Long Term Disability insurance pays a monthly benefit if you experience a disability that lasts for several months or even years.

Your Employer-Paid Benefits

- Basic Life and AD&D insurance
- Long Term Disability insurance

Benefits You Can Apply for Now:

- Additional Life insurance
