

Public Comments received on April 23rd and April 24th
following the Budget Workshop held on April 7th

1. Lawrence Rappaport, 18 Old Mill Road

We have lived at 18 Old Mill Road since 1972. In all that time the old section of our road has never been repaved, save for small sections of the curb. The road is in terrible condition. I have been informed by the Highway Department that our section is finally scheduled for repaving this year. We strongly urge that funds for this project be approved by the Finance Committee.

2. Romuald Bujwid, 110 West Avon Road

Keep raising your taxes (and enjoy future increases too)! Hopefully, I will be done with Avon and your beautiful CT very soon!
