III. TOWN MANAGER’S REPORT/MISC.
On a suggestion made by Cathy Salchert without objection, agenda item C was moved to the top of agenda item III.

C. Town and Public Safety Communications Systems Replacement Project Update
Brandon Robertson and Police Chief Paul Melanson discussed the Town and Public Safety Communications Systems project.

Due to the challenging topography (three ridge lines that run north-south) in Avon the experts stated a three-tower system would be required, which requires two additional sites.

At the existing site on Huckleberry Hill, the Town has a lease agreement with SBA Communications Corporation. SBA is the process of applying with the Connecticut Siting Council for approval of the project. Currently, we do not have a definite timeline for the submission and processing of the application. Once we do, we can go forward with getting an updated price proposal, because pricing estimates expire after 90 days.

The second site will be located on Ridgewood Rd, which will need minor modifications.

The third site, which will cover the eastern area of town, the Town will become an extension of the State system by using the location of Troop H on Talcott Mountain.

For the schools, the Town is looking at a standalone system called the Digital and Mobile Radio System. There are several vendors that offer this service, so we are going to be preparing Requests for Proposals (RFPs) with detailed specifications and going out to bid.

A more technical background was discussed at the Town Council meeting on September 1, 2022.
A. Monthly Financial Report Summary

Updates to the Monthly Financial Report Summary, as of September 14, 2022, were included in the packet report period ended 6/30/22 (unaudited) prepared and reported by Tom DiStasio, which were discussed. It was noted that there is $740,000 of special education tuition revenue that is not shown on the report, primarily because the Board of Education’s August activity had not been added to the Town’s financial ledger at the time of the report. These funds will be reflected in the year end report.

Details of the Monthly Financial Report Summary were included in the packet report dated period ended 8/31/22 prepared and reported by Tom DiStasio, which were discussed.

B. Auditor Contract

The contract with CliftonLarsonAllen (CLA) is set to expire at the end of this audit period. Tom DiStasio suggested the Town ask CLA for a cost proposal to extend our contract. This would not preclude us from issuing RFP should we choose to do so after reviewing their extension proposal.
